

# Denuvo Anti-Cheat

Premium, transparent, multiplayer  
cheat detection and prevention

Undisruptive  
experience, running  
only for relevant  
game modes

Hassle-free  
implementation,  
1-click integration  
with key services

Catches all the  
cheats, not just the  
easy ones

You own the data  
and know exactly  
why someone got  
banned

You decide on what  
happens once a  
cheater has been  
detected

**77%\* of players say  
they'd leave a game  
if there are cheaters**

**46% say they're less likely  
to buy in-game content  
if there's cheating**
