

TRAILER VALIDATION

ATTACH THE RIGHT TRAILER, CONTAINER OR CARGO FROM THE YARD, EVERY TIME!

Tired of costly mispulls, with each mistake potentially **costing thousands of dollars**? Worry no more! Achieve unmatched accuracy and save money with our cost-effective foolproof fleet management system.

WITHOUT TRAILER VALIDATION

High costs:
Mispulls leading to potential financial losses from \$15,000 and higher per incident.

Compliance risks:
Increased risk of fines and safety violations.

Operational delays:
Wasted hours on manual trailer checks and corrections.

WITH TRAILER VALIDATION

Reduced costs:
Dramatic decrease in financial losses from mispulls.

Enhanced Compliance:
Improved adherence to safety and regulatory standards.

Increased efficiency:
Quick and accurate trailer validations with real-time alerts and notifications.

IRDETO'S TRAILER VALIDATION SOLUTION BRINGS THE POWER OF PRECISION AND CONTROL TO YOUR FINGERTIPS

Easily validate trailer attachments with a simple scan

Save time and money with our instant system notifications
