

KEYSTONE BY IRDETO

FLEET CHALLENGES

Regulatory risks

- x Struggling with safety regulations and HOS requirements
- x Costly penalties for non-compliance

Single key issues

- x Security and management challenges due to a single physical key for multiple vehicles

Inspection gaps

- x Safety and non-compliance due to inadequate pre-trip inspections

Accident and fine prevention

- x Fines from \$2,000 to millions for infractions

EXPERIENCE SUPERIOR SECURITY, STAY AHEAD OF REGULATIONS AND ELEVATE YOUR ROI

DIGITAL KEY SOLUTION

Compliance enforcement

- ✓ Ensures drivers log into ELDs before use

Seamless key management

- ✓ Unique digital keys for vehicle and driver security

Mandatory pre-trip inspection

- ✓ Digital verification guarantees road and compliance readiness

Prime safety protocols

- ✓ Integration with HOS systems and telematics for monitoring and compliance
- ✓ Know where, when and by whom a vehicle has been started
- ✓ Trailer Validation by Irdeto to avoid costly mispulls

Driver verification

- ✓ Digital credential checks to qualify drivers
